THE CENTRE CULTUREL KÔRE CELEBRATES ITS 10 YEARS!

To launch the commemorative activities of the 10 years anniversary of the Centre Culturel Kôre which is celebrated throughout 2020, three important activities were planned in the sidelines of Ségou'Art-Festival on Niger 2020. These are especially:

- **Opening of the 10 years photo exhibition on February 5, 2020 :**

An exhibition representative of the 10 years of acquisition and evolution of the center in images since the opening in February 2011 until the end of December 2019. The exhibition remains in the hall of the Kôre Museum until the end of December 2020, since the images are more eloquent.

- **Reception cocktail for partners :**

A sober moment with a very strong symbolism allowed the official cutting of the birthday cake followed by a cocktail with all the guests and partners who have supported the CCK for the past ten years.

- **10 years concert on February 6, 2020 :**

The 10 years concert, headlined by Abdoulaye Diabaté, accompanied by young artists trained by the CCK as part of its Kôre-Quality program, took place on February 06, 2020 at the Centre Culturel Kôre. They are Gaoussou Diao from Ségou, Adam Ouane from Mopti and Salomé Dembélé from Bamako with their orchestra.

SKILLS DEVELOPMENT

As a prelude to Ségou'Art-Festival sur le Niger, the practical sound and light workshops were a good opportunity for young technicians from Mali and the sub-region to strengthen their knowledge, under the supervision of the Technical Director of Ségou 'Art (Abdou Diouf, Expert from Senegal).

As for the Kòrè-Quality #3 Program (entrepreneurship component), the beneficiaries came from Burkina, Togo, Senegal, Côte d'Ivoire and Mali to put into practice (as part of the organization of Ségou'Art-Festival sur le Niger) theoretical training acquired throughout the year. Uganda was the host country to discover in practice the entrepreneurial model of the Festival sur le Niger, Maaya entrepreneurship.

MASTER CLASSES AND ARTISTIC MEETINGS

The 'skills development' component of the Centre Culturel Kôre organized Master Classes and artistic meetings during the 2020 edition of Ségou'Art-Festival sur le Niger with young emerging artists from Mali and beyond. These activities were led by the great artists and art critics of the continent: Viyé Diba (Senegal), Barthélémy Togu (Cameroon), Soly Cissé (Senegal), Simon Njami (France / Cameroon).

THE KÔRE-QUALITY #3 PROGRAM

The Kôre-Quality #3 program (Entrepreneurship and music components) came to an end with the satisfaction of the beneficiaries following the evaluation exchanges with the participants. This program took place over three years as part of the collaboration between CCK and IKAM. Good luck to the beneficiaries and a good start to the new program, the selection of which is currently underway.

ECOFEST AFRICA WORKSHOP

On the sidelines of Ségou'Art-Festival sur le Niger, on February 3, 2020, our skills development program facilitated the conceptualization workshop for the "ECOFEST AFRICA - Efa" circuit organized by the Cultural Caravan for Peace with the presence of fifteen Directors and Promoters of African festivals from Burkina Faso, Congo, Morocco, Senegal, Uganda, Mauritania and Mali.

SOCIAL PROGRAM

In order to facilitate access to the market for the local companies Djonkala (Bla) and Seko Ni Donko (Kati) from the JI NI BESEYA project in order to encourage them to adopt a sustainable approach on issues of awareness-raising at local level, these two companies were scheduled for the theatrical evenings of Ségou'Art-Festival sur le Niger 2020.

MAAYA-CULTURE AND CITIZENSHIP

- **Reading session with schoolchildren**

Second of its kind, it was a literary meeting where creative minds are put in competition for constructive exchanges. It's also an initiative that promotes literature in schools.

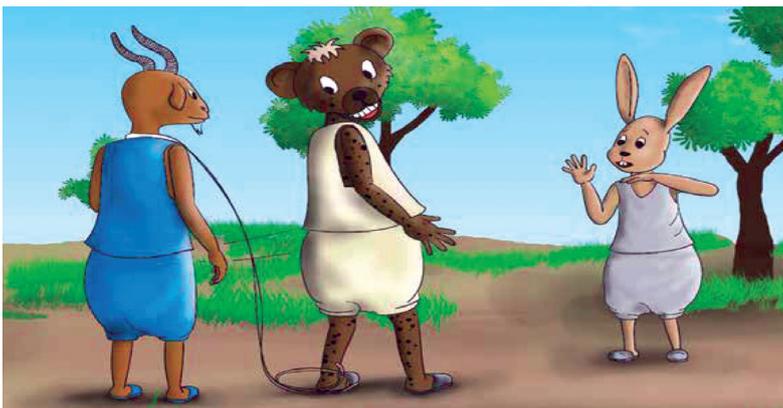

- **Storytelling book illustrated in comics**

Third of its kind, two story booklets illustrated with images on the themes of civic, moral education and citizenship for young people have been published as part of the Maaya-Culture and Citizenship program. These works will be disseminated through various channels, in particular to young participants in the "Shifinsò" vestibules, in partner schools and at the Kòrè Media Library, to facilitate the children's consciousness awakening.

- **Storytelling illustrated in 3D**

Short animated films with lessons in citizenship and civic and moral education have been produced for children and teenagers in order to safeguard our human heritage. A way to teach them by the means that are most appropriate for them today.

RESEARCH AND CULTURAL RESOURCE CENTER

Symposium of Ségou

As part of its partnership with the Foundation Festival sur le Niger, the Centre Culturel Kôrè hosted the 14th edition of the Symposium of Ségou on the sidelines of Ségou'Art-Festival sur le Niger, whose theme was «Migration & identity». Held from February 6 to 7, 2020 and structured into discussion panels with the participation of eminent resource persons (academics, researchers, art professionals) from the continent, the Ségou encounter was a crossroads of proactive exchanges which led to concrete proposals for Africa.

Edition / Publishing

The «**PRACTICAL GUIDE OF THE FESTIVAL GOER**» is one of the innovative editions of our resource center to support the ethical commission of Ségou'Art - Festival sur le Niger in its role of citizen watch. This guide recalls some practical advice in terms of behavior to adopt for the foreign visitor and festival-goer during the event.

The book «**LA METAMORPHOSE**», by Tiémoko André Sanogo, was published by "Kòrè Edition" of the Resource Center and is ready to be launched for the enjoyment of reading enthusiasts. The said book which deals with the theme «*the study on the gradual and pronounced erosion of our socio-cultural values*» is available at the Kòrè Media Library in Ségou.

PRODUCTION & DISSEMINATION

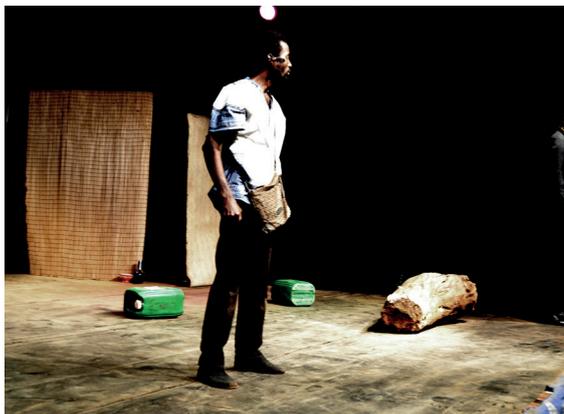

Storytelling with Amaichata Salamanta

Faithful to its tradition of facilitating the production and creation of artistic activities for young people and enabling them to disseminate them in order to better promote their art, the CCK organized a storytelling evening whose guest was Amaichata Salamanta, an actress and storyteller. Her words, her songs and her balafon impressed the children in an artistic style which well reconciles the playful, educational and etiological characters of the story.
